"WATERCURE" METHOD

Described by a Witness Before the Senate Investigating Committee.

POINTED INQUIRY OF A SENATOR.

Mr. Burrows of Michigan Asked the Witness If Anyone Shot the Surgeon in Charge of the Inhuman Treatment.

Washington, April 14.—The senate committee on the Philippines began the week with the intention of making an investigation of the charges to the effect that the "water cure" so called, is practiced on the insurgents, and Charles S. Riley of Northampton, Mass., formerly a sergeant in Company M, Twenty-sixth volunteer infantry, was the first witness called with that end in view.

Mr. Riley said that he had been in the Philippines from Oct. 25, 1899, to March 4, 1901. In reply to questions by Senator Rawlins he said he had witnessed the "water cure" at Ighoras, in the province of Iloilo on Nov. 27, 1900. It was administered to the president or chief Filipino official of the town. He said that upon the arrival of his command at Ighoras, the president was asked whether runners had been sent out notifying the insurgents of their presence and that upon his refusal to give the information he was taken to the convent where the witness was stationed and the "water cure" was administered to him. This official was, he said a man about 40 years of age.

When he (the witness) first saw him he was standing in the corridor of the convent stripped to the waist and his hands tied behind him, with Captain Glenn and Lieutenant Conger of the regular army and Dr. Lyons, a contract surgeon, standing near, while many soldiers stood about. The man, he said, was then thrown under a water tank which held about 100 gallons of water and his mouth placed directly under the faucet and held open so as to compel him to swallow the water which was allowed to escape from the tank. Over him stood an interpreter repeating one word, which the witness said he did not understand, but which he believed to be the native equivalent of "confess." When at last the president agreed to tell what he knew he was released and allowed to start away. He was not, however, permitted to escape, and upon refusing to give further information, he was again taken as he was about to mount his horse and the cure administered for the second time. This time the man was not stripped, nor was he taken into the building.

Dr. Lyons said the water could be brought to the spot and given there and when it was brought in a five gallon can, one end of a syringe was placed in it and the other in the man's mouth. As he still refused, a second syringe was brought and one end of it placed in the prostrate man's nose. He still refused and then a handful of salt was thrown into the water.

This had the desired effect and the prisoner agreed to answer questions.

On cross-examination by Republican senators, Mr. Riley said the "cure" had been first resorted to to compel the president to reveal his own attitude and that it had been learned from his confession that while he professed to be friendly to the United States he was in reality a captain of the insurgent forces and that his police were all soldiers. As a consequence of this exposure he was arrested and the town burned. He said that the victim struggled fiercely while the "cure" was being administered and that his eyes were bloodshot, but that the next day when he saw the man he saw no ill-effects of the "dose" he had received.

Senator Burrows, referring to the surgeon in charge, asked: "Did any one shoot him?"

The witness replied in the negative. Witness said the water was kept running for four or five minutes and that the doctor in charge frequently placed his hand upon the man's heart as if to observe its effect upon that organ.

British Post in Missouri.

Jefferson City, Mo., April 14.—O. P. Gentry, secretary of Governor Dockery, reports that in handling the horses and mules for South Africa at Lathrop, Mo., it looks very much as if the business is conducted under British auspices. Mr. Gentry says that 21 sepoys who arrived at Lathrop recently will return to India soon with from 500 to 1,000 mules for the use of the British army in that country. The report has been forwarded to Senator Cockrell at Washington.

Washington, April 14.—The president nominated John Landis to be superintendent of the mint at Philadelphia, vice H. K. Boyer, resigned.

FOULLY MURDERED

Brother and Sister Killed While Returning From Church.

Des Moines, Ia., April 14.—While returning from Highland Park Methodist church on the north outskirts of city, Mary Peterson, 15, and Thomas, 11, children of Peter J. Peterson, a well-to-do dairyman, were murdered by some unknown person believed to be a negro. The boy when found at midnight was alive, but died within 15 minutes without being able to give a description of his assailant. When assaulted the children were returning from the Highland Park church to attend the evening service. The bodies were discovered by the roadside by a farmer who heard the moans of the lad. Their heads had been crushed in, presumably by a brick. The entire police force is working on the case.

The police so far are without a clew. The body of the girl was found at the foot of a telephone pole in a ditch two feet deep. She had been ravished by her assailant. At the base of the head she had been hit with some hard instrument resulting in fracturing the skull. On the crown of the head there were four or five indentations, all of which would have proven serious, if not fatal. Not a brick or an instrument can be found within the region where the murders occurred.

The boy, who was found in the ditch on the opposite side of the road, was most cruelly treated. Fully half a dozen indentations were made in the skull and his face also showed evidence of being pounded. The Peterson family consists of seven children, four girls and three boys. Two of the girls now living, declare that a week ago they were chased at the same spot by a man on their return during the evening from Highland park. They are unable to give a description of the man. Not far from the scene of the murder are the Marquisville coal mines in which 200 colored miners are employed. It is the impression of the police that the murderer was a resident of Marquisville.

Wage Scale Considered.

Pittsburg, April 14.—President Shaffer, Secretary Williams and Assistant Secretary M. F. Tighe of the Amalgamated association arrived from Pittsburg and immediately the wage scale committee went into an all-day session. Its reports will be ready for the convention when its first session convenes. Convention delegates are arriving. The convention will open with an address of welcome by Mayor A. T. Sweeney to which President Shaffer will respond. The opening ceremonies will be brief as it is the desire of the convention to get down to business immediately. It is reported that the suspended Chicago lodges intend to make a vigorous fight for reinstatement before the convention. Their charters were taken away from them during the strike for refusing to quit work and they gave as a reason for their action that they were working under a sanctioned contract which forbade their striking.

A British Supply Post.

New Orleans, April 14.—The United States government's investigation of the big British stock camp at Port Chalmette practically has been concluded. Officers at New Orleans contend that the finding will be that the post is in violation of the neutrality laws and that the admissions of the British officers in charge are sufficient proof of this fact. Evidence collected privately by Colonel E. H. Crowder, investigation officer assigned by Adjutant General Corbin, and the army officers now stationed at Jackson barracks, constitutes the report which will be forwarded to Washington within a few days. There will be no public inquiry.

Shot His Father

Glenwood, Ia., April 14.—Earl Garman shot and probably fatally wounded his father, M. L. Garman, during a quarrel over financial affairs. Young Garman was endeavoring to secure his father's consent to a business transaction and on being refused, drew a revolver and shot his father in the back of the head. The elder Garman is owner and proprietor of the Glenwood mills.

Sharpe's Antecedents.

Ottawa, Kan., April 14.—A. T. Sharpe, the travelling salesman who was stabbed and killed at Memphis was the son of the late Amasa F. Sharpe, for many years editor of the Ottawa Daily Republican. Mrs. H. R. Sharpe, the dead man's mother, lives here and the body will be brought to Ottawa for burial.

London, April 14.—It is said that the communication of the Boer leaders to Lord Kitchener amounted to little more than a request for permission to use the table in consulting Mr. Kruger and the Boer delegates in Europe regarding a basis for a peace settlement. There is a distinctly hopeful feeling in official quarters.

GIVE 'EM TIT FOR TAT.

According to Kitchener's Report Boers Are Killing the British.

SEVERE FIGHTING IN TRANSVAAL.

During the Four Days' Engagement English Casualties Are One Hundred While Boer Losses Are Estimated to Be Two Hundred.

London, April 14.—News of severe fighting in the Transvaal at the end of last week has been sent by Lord Kitchener, who reports that about 200 Boers were killed, wounded or captured, together with British reverses. There was about 100 British casualties. The British also captured three guns and a considerable quantities of supplies. Commandant Potgieter was among the Boers killed.

Lord Kitchener, in a dispatch dated Pretoria, Sunday, April 13, recounts how Colonel Colsonbrander, after locating Commandant Bayer's laager at Paal Kop, moved his force, by different routes from Pietarsburg, Transvaal colony, blocking the principal lines of retreat.

The fighting commenced April 8, when the Boers killing fusiliers attacked Mollspoor, covering the Boer position, and by dusk had seized a hill eastward of the place, after considerable opposition resulting in Colonel Murray being wounded and Lieutenant Lincoln being killed. Another officer and five men were wounded. Since then the operations continued daily. Colonel Bander's latest report, April 12, gave the Boer losses in killed, wounded and prisoners at 106 men.

The most severe fighting occurred April 11, in western Transvaal, where General Ian Hamilton has replaced General Methuen in command of the British troops. The Boers attacked Colonel Kekewich's force near Rolwal, and fighting at close quarters ensued. The Boers were repulsed, leaving on the field 44 men killed, including Commandant Potgieter and 34 wounded. The British captured 20 wounded prisoners.

According to last accounts, General Ian Hamilton was pursuing the remainder of the Boer command. The British losses in this fight were six men killed and 52 wounded. At the beginning of the pursuit, Colonel Kekewich captured two guns, a pom-pom, a quantity of ammunition and a number of wagons. A force of Boers recently overwhelmed a strong British patrol sent out from Bulfontein, Orange River colony, to clear distant farms. An officer and two men were killed, 14 men wounded and the remaining members of the patrol were surrounded and captured. Lord Kitchener mentions holding an inquiry into this reverse.

Message on Peace Terms.

London, April 14.—Replying in the house of commons to the Liberal leader, Sir Henry Campbell-Bannerman, who asked whether the terms of peace had been suggested by the Boer leaders in South Africa, the government leader, A. F. Balfour, said it was impossible, at present, to say more than that a message had been received Saturday from the Boer leaders through Lord Kitchener and then a reply had been sent to them. Further communication was expected.

Supreme Baseball Court.

New York, April 14.—A. G. Spalding has devised a new scheme which has just been made public for the control of professional baseball. After reviewing the history of organized baseball in which he shows how the sport has been built up almost entirely through the National league, he gives it as his opinion that it will never be possible again to continue the government on the mode in vogue when the National league was the one great power operating under a national agreement to protect all organizations. Taxation without representation seems to him a future impossibility. In other words, if minor league clubs pay for protection they will insist upon representation to protect their interests. For that reason he suggests that the various leagues elect delegates to what might be termed a supreme baseball court.

New York, April 14.—Since he became chief executive of the nation, President Roosevelt has become one of the most heavily insured men in the United States. The president has taken out a policy for \$50,000 in a company, besides continued policies for small amounts which he had taken out long before he was elected governor of New York. President Roosevelt's policies, it is understood, exceed by \$15,000 or \$20,000 those held by President McKinley. Mrs. McKinley was paid about \$60,000 on policies on her husband's life.

A GENERAL STRIKE.

Declared Among Many Great Industries in Belgium.

Brussels, April 14.—A general strike has been declared in most of the large hoot and shoe factories. Adequate measures have been taken to enable the soldiers to reinforce the police at a moment's notice, at any point required.

There has been thus far no question of proclaiming martial law. Such a step cannot be taken in Belgium without special legislative action.

About 1,000 men are now out on a strike in the Mons district. A dispatch from La Louviere, in the province of Hainaut, announces that in accordance with the decision of the labor leaders a general strike has commenced in the coal mines, glass works and factories of the central districts, including Marlemont and Bascoup. Advances from Liege say that a general strike has been started in the coal mines of the Seraing district and at the Kettin foundries at Solesin.

Thirty-five thousand troops are distributed in the agitated regions. Brussels is perfectly quiet. There are no signs of the strike in the center of the town, but a number of strikes have occurred in the factories situated in the suburbs. No Socialist meetings have occurred here for 24 hours, but the workmen have been urged to meet in the various halls of the city in order to demonstrate in favor of a revision of the constitution.

English Budget Explained.

London, April 14.—The chancellor of the exchequer, Sir Michael Hicks-Beach, rose in the house of commons to make the budget statement. He declared the past year had not been exceptionally prosperous, but there was nothing to depress the country. Despite the fact that thousands of workmen had been removed from productive labor by the war, the revenue figures showed no diminution of business at home, while there was a satisfactory increase of foreign trade and there was no reason for thinking that there had been any falling off of the consuming power of the people. There had been a heavy slump in the receipts from tobacco, spirits and beer, but there was a great increase in the consumption of teas and cocoa. The decrease in the receipts from spirits and tobacco was due to the forestallment of the duty during the previous year. He was in the exceptional position for a chancellor of the exchequer holding office during a severe war that for the past two years the revenue had exceeded his anticipation last year by £543,000.

Not Self Supporting.

London, April 14.—Germany's efforts to extend and open up colonies are not very successful from a financial point of view. The total annual revenue of the eight protectorates which are under the rule of the kaiser is only \$2,700,000, and the reichstag has to vote \$7,500,000 to support them. Kao Chau revenue is \$90,000, and a subsidy of \$3,000,000 is required to make both ends meet. Again the revenue of the protectorate of Southwest Africa amounts to \$450,000, while the total sum required for its government is \$2,000,000.

Storm in Colorado.

Denver, April 14.—The storm which has prevailed over almost the entire country from this city west and north has caused general delay in railroad traffic. No serious damage is yet reported, but the change to rain from a heavy wet snow interspersed with hail, may have caused suffering to cattle on the ranges. Trains have been delayed from one to four or five hours. Indications are that the storm conditions will continue.

Honorary Pallbearers.

Washington, April 14.—The following have been selected as honorary pallbearers at the funeral of Mr. T. Dewitt Talmage, who died Saturday evening: Associate Justices Harlan and Brewer of the United States supreme court, Senators Cullom, Illinois, Burrows, Michigan, and Dolliver, Iowa; ex-Secretary of State J. W. Foster and others.

Foreman Stabbed.

Racine, Wis., April 14.—Because he had been discharged for negligence to duties, Frank Roska, an Italian, drew a stiletto and fatally stabbed Edward Francis, a foreman of the Belle City Malleable Iron works. Francis was stabbed in the back, the assailant approaching him from behind. Roska fled and has not yet been captured.

St. Louis, April 14.—Eastern delegates to the national convention of the National Editorial association to be held at Hot Springs, Ark., arrived here and spent the day sight seeing. The party consists of the editors of about 30 prominent eastern papers and their wives and daughters. The delegation left for Hot Springs where the convention will meet Tuesday.

MR. DOLE WILL REMAIN

President Approves His Course as Governor of Hawaii.

A BUDGET OF WASHINGTON NEWS.

Colonel James S. Clarkson of Iowa is Booked For a Fat Job as Surveyor of Port at New York.

Washington, April 14.—The president, after most careful investigation and hearing as many men as possible, and hearing from others, has come to the conclusion that Governor Dole's course has been such as to warrant his continuance as governor of Hawaii and entitle him to the respect and hearty support of the administration. The governor was a caller at the White House and said that he would go to Boston for a short visit and in about two weeks would sail for home.

Left For Bocas.

Washington, April 14.—The navy department received a cablegram from Commander McCrea of the gunboat Machias announcing that vessel's arrival at Colon Saturday, and her departure the same day for Bocas Del Toro in obedience to the department's orders. Consul Malmres at Colon called the attention of the state department several days ago to a threatened attack on Bocas, and suggested the dispatch of an American ship to the scene.

No Grand Jury Investigation.

Washington, April 14.—Reliable information is to the effect that the department of justice, in the alleged beef trust matter, has not gone beyond the point of an investigation into the question of whether or not the trust has violated the federal law. No prosecution has been ordered and no grand jury has been summoned to determine the question so far as the department knows.

Colonel Clarkson Slated.

Washington, April 14.—The president has determined upon the appointment of James S. Clarkson of Iowa, formerly assistant postmaster general, to be surveyor of customs of the port of New York. It was also announced at the White House that Lieutenant Sharkey, naval officer at New York, will be reappointed.

President Will Attend.

Washington, April 14.—President and Mrs. Roosevelt will attend the ceremonies incident to the installation of Nicholas Murray Butler as president of Columbia university at New York.

Fire at a Race Track.

New York, April 14.—Maspeth race track, the half mile circle that revolutionized racing in this state, has been swept by fire. The grand stand, which seated 4,000, the paddock, platforms and hotel were destroyed. In its last days it was known as the Queens county park, a picnicking resort. About seven years ago, a syndicate of racing men leased the place and built the half mile track. Strings of electric lights were placed about the ring and the famous night racing meeting began. Wonderful tales are told by turfgoers of the tricks played there. The electric lights neutralized colors so that many errors, intentional and otherwise, were made in announcing the order in which the racers had finished. Scandal became so great that a law was passed forbidding night racing. The financial loss caused by the fire is small.

Heavy Rain in Germany.

Berlin, April 14.—A violent thunderstorm accompanied by rain broke over Berlin and its vicinity, causing great damage. Many buildings were struck by lightning. The fire brigade was summoned. The water was so deep around the approaches to the railroad station at Friederichstrasse, that it was impossible to reach the depot. At the Lehrte station, some of the waiting rooms had to be closed as the walls threatened to fall. A portion of the embankment of the Potsdam railroad near Schaenberg was swept away and similar damage to the circular railroad necessitated a suspension of traffic.

Taft Will Visit Rome.

Cincinnati, April 14.—Governor General Taft of the Philippines, goes to St. Louis to confer with President Francis and other exposition officials. Later in the week he leaves for Washington and New York with Mrs. Taft and Mr. and Mrs. Charles P. Taft. While east he will visit old Yale friends at New Haven. He will return to Cincinnati before sailing via Suez canal May 17. He will visit Rome. He expects to be subject to call in Washington for questions while the Philippine bill is pending.

The old saying "silence is golden" proved true in this case. A New York telegram to a St. Louis paper declares that John W. Gates' purchase of Louisville and Nashville railway stock was the result of a casual conversation between him and Attila Cox, of Louisville, one of the directors, in which Mr. Cox is said to have told him of the purpose of the directors to sell \$5,000,000 of new stock before its issuance.

The students of the State College insist that President Patterson cannot be held responsible for "occurrences that transpired when he was not, and could not be expected to be, present." Nevertheless, it was in similar circumstances that Sampson claimed the credit of the battle of Santiago. The fact that he fought the battle was not known while it was going on. It was one of those occurrences that have since transpired.

CONSUL GENERAL BITTINGER, at Montreal, furnishes a report that shows that Canada, as a customer of the United States, ranks next to Great Britain and Germany, and its trade almost equals that of Africa, Asia and Oceania. The report urges that the United States remove the tariff on Canadian lumber, wood pulp and coal. It will come to that after awhile. Better save our own forests and use Canadian lumber.

THE FARRIS BILL.

Secretary Leigh Says it Never Reached His Hands—It Was Signed By President Utley.

President Newton Utley, of the State Senate, told the Franklin County grand jury that his best recollections of the lost Farris bill was that he signed it before the close of the legislative session, the records of the clerks of the body to the contrary, notwithstanding.

Senator George Farris testified that on the afternoon of the day before the session closed President Utley informed him that the bill had been properly signed.

The statement made by these parties before the jury passes the enrolled copy of the bill safely through the hands of Senator W. H. Cox, to whom it was delivered by Miss Amy Lyon, the Enrolling Clerk of the Lower House. Miss Lyon testified before the jury, as did Private Secretary Ed. Leigh, of the Senate Executive department, whose duty it was to receive all bills brought to the department by the Legislative Clerk for Gov. Beckham's approval. Mr. Leigh testified that the enrolled bill never came into his hands, as all copies which did were placed immediately before the Governor.

The grand jury will complete its investigation, but nothing is expected to result from it.

Farming on a Large Scale.

[Hopkinsville, Kentucky.]
Messrs. R. F. Rives & Sons have just finished the sale of their crops of last year, and the total from their 1,400 acres of farm lands makes the following showing:

15,000 bushels wheat at 75c.....	\$13,500
215,000 pounds tobacco at \$3.75.....	12,400
Hay at \$13 and clover seed.....	1,400
Livestock.....	400
Total.....	\$28,000

The wheat crop of 1901 was very short, the crop of the previous year being 26,000 bushels. The tobacco crop, on the other hand, was the finest they ever raised. Mr. Rives and his sons, George and Harry, operate several different farms, and their operations are the most extensive of any farming firm in the county. The \$28,000 from the sale of crops of 1901 does not include their corn crop or the supplies used at home.

Finest Maine packed sugar corn only 7 cents per can.

CLOONEY & PERRINE.
Successors to J. Ballenger.

THE NEW COTTONS!

Many enthusiastic women have welcomed the spring cottons and hundreds of yards have found appreciative new possessors. No wonder admiration surrounds this dainty dress goods array. Never has the showing been larger, more attractive in pretty conceits, more charming in new variations of old favorites, more comprehensive in color and design. Every day adds new beauties to the collection. Hints of them:

Dress Gingham, 10c., 15c., 18c., 25c., 35c., 50c.

The popularity of gingham never wanes. Manufacturers court Fashion by every means. Grades have been raised, goods are finer, colors prettier, designs more individual and striking. In style and quality, we are positively giving more for the money in gingham this season than ever.

Dainty Dimities for 15c.

Never and nowhere have such exquisite, really charming dimities—the summer dress goods loved by all women—been offered at such a price. White and tinted grounds printed in a beautiful variety of stripes and figures. The coolest shades of blue, pink, green, heliotrope, gray and canary. Some exquisite solid colors—or tinted grounds lightly powdered in tiny white dots—with handsome Persian or blended borders. Style and economy combined—the border is all the trimmings required. These dimities really rival the imported Irish goods at twice the price.

Silk-and-Cotton Fabrics, 25c., 50c.

It is no exaggeration to say they present the incarnation of loveliness in wash goods. Words can convey no idea of their radiant beauty. Exquisite pastel shades in soft self colorings or artistic contrasts. The crispness of cotton with the brilliance of silk which glints and glistens in the attractive designs. In fact, at first glance they seem to be twins of the pure silk fabrics that command several times twice their price. By the most advanced method of full mercerization the silk luster remains after repeated laundering.

English Penang, 12 1-2c.

A justly favored cotton goods long identified with this house and entirely controlled by us, continues to merit the palm of superiority. Any details of a fabric so well known is unnecessary—we simply call your attention to our strong line of patterns for 1902 and that the dye has been so improved, even the most delicate colors are guaranteed fast.

D. HUNT & SON

KENTUCKY COAL FIELDS.

Scramble on Part of Two Railroads to Get Into the Rich Territory in Eastern Part of State.

[Huntington Advertiser.]

A number of railroads now seem to have their eyes on Big Sandy valley, and at the present time half a dozen surveying crews are at work running lines up the valley and making connections with other lines. For years the C. and O. road has held the key to this valley rich with fine timber and coal, but were slow in extending their service into the rich coal fields waiting, as it seemed, for a convenient season. But the recent movement of the Seaboard Air Line, has caused the C. and O. the greatest haste and activity in trying to hold this valuable territory, and for the past week tools, supplies and men have been rushed up the line in great haste until there is now some two hundred men at work on that part of the line which passes through the breaks of Sandy, and this morning a car-load of negro laborers were shipped up to the scene of activity and five hundred more will be sent forward this week, together with large shipments of commissary supplies.

While the C. and O. is thus busy the Air Line people are not sleeping; they too have put in a large force at the breaks of Sandy and seem to be in possession of most of the breaks, and seem determined to press things and penetrate the rich coal fields of the Sandy valley with their line, and it is safe to predict that there will be two railroads reaching these rich coal fields inside of eighteen months. Just as soon as it is possible the work is to be consummated. And it is quite probable that the Seaboard Air Line will come down Sandy to Paintsville and thence through the country to Webbville where they will connect with the E. K. road and reach the Ohio river at Greenup, Ky. With both of these roads completed as above indicated and the Sandy valley will be the Eldorado of Kentucky.

The Big Sandy News throws new light on the subject. Speaking of the incorporation of the South and Western Railroad Company, it says: "The Seaboard Air Line railway is behind the new South and Western Company. Mr. Irvine, who filed the incorporation articles, has just finished a fight to secure a charter in Virginia for his company. The company is seeking a direct line to the coal fields of Kentucky. The Seaboard Air Line has had no coal on its system and is trying to render itself independent of the C. and O. and Norfolk and Western companies, on which it has had to depend for coal supply. Mr. Irvine says the finest coking coal in the world is in the Western Virginia counties and the counties of Pike and Letcher, in Kentucky. This is the company that has some engineers at work in the upper Sandy valley, along where the C. and O. parties are. They evidently mean business."

GIGANTIC GIFTS.

The Record for One Year for Education and General Culture Amounts to Over \$100,000,000.

[Lexington Leader.]

When Mr. Frederic Harrison was in this country a year ago the offer of Mr. Carnegie to provide buildings for sixty-five free libraries in Greater New York at an estimated expenditure of \$5,200,000, had just been made known. The Englishman was amazed when he was told that nearly \$50,000,000 had been realized through gifts and bequests in America

during the preceding year, three-quarters of which was to be applied to education and general culture.

What would he say for the tremendous total for 1901, which as compiled by Appleton's Annual Cyclopaedia just published, amounts to \$107,360,000, the greater proportion of which is to be devoted to the spread of knowledge. According to this compilation, Andrew Carnegie made donations to one hundred and thirty-five cities in the United States amounting in all to \$13,513,000. These figures, of course, do not take into consideration the endowment of \$25,000,000 for a national university at Washington.

The list, as given by Appleton's, is composed of all individual bequests that were made or became operative in the United States in 1901, exclusive of ordinary denominational contributions, for education and benevolent purposes.

ROBINSON CASE.

Friends of the Banished Boy May Appeal to Governor.

New York, April 14.—As a sequel of the confession of Leonard Robinson, the 14-year-old-schoolboy that he had plotted to kill Jessie Danes, an appeal probably will be made to the governor to prevent the carrying out of the agreement. The lad was banished to a lonely hut overlooking Shinnecock bay, Long Island, 35 miles from his home and is to remain here three years. The boy spends his time clamming and duck hunting.

There is no law, it is admitted by those who are interested in the case, for such a punishment. It was simply a "concession" made by the father of the girl he plotted to assassinate, when the boy's father and mother begged that he would not push the case and send their son to a reformatory or a lunatic asylum. The "compromise" was reached out of court and Judge Conklin consented to the remarkable arrangement. The boy has broke the agreement and violated it by visiting his mother. He was severely reprimanded by the authorities and was hurried back to his hut. Now there is talk of an appeal to the governor.

"Alice in Wonderland."

Arrangements have been completed with the Ladies' Guild of the Episcopal Church under whose auspices three performances, including a Saturday matinee, will be given in the Washington Opera House Friday and Saturday, April 25 and 26.

The local society will select the children from among the brightest of our public schools, who will be specially trained by instructors from New York. There will be several choruses, small speaking and acting parts by the children and a great number of specialties both by the local children and the professionals.

All stage costumes, properties, electrical and calcium effects etc., are furnished by the management. The ladies have entered into this enterprise with the determination to make a grand success of "Alice in Wonderland."

MURPHY, the jeweler.

What's in a Name?

There are big shows combined and greatest shows on earth, but only one aggregation truthfully sustains the title of the "best show in the world," and that is the great Sells-Downs shows which come to Maysville, Tuesday, April 29th.

"Willful Waste Keeps Many Men Poor!"

And it certainly is a willful waste to buy Clothing that does not compare with ours and pay as much for it. For instance take our line of \$15 Suits made by the leading Rochester manufacturers. They are superb specimens of high class tailoring art and the fabrics are not only durable but are also the finest designs of the most famous textile mills of this country and England.

BIG BOYS' AND LITTLE BOYS' CLOTHING!

The most famous designs of Juvenile Clothing have contributed to the beauty and effectiveness of our Boys' and Young Men's garments, yet careful buying enables us to sell them at prices that mean a saving of money to you.

DEATH'S HARVEST.

Mrs. Elizabeth H. Roff, of Cincinnati, Mrs. Ellen Clark, of this city, and Mr. Lawrence Schlitz, of Aberdeen, Join the Silent Majority.

Mrs. Elizabeth H. Roff died Monday about noon at her home on Walnut Hills, Cincinnati, after a lingering illness. She suffered from an attack of pneumonia some months ago, and had been in feeble health ever since.

Mrs. Roff was born at Mayslick in 1832, and was a daughter of John S. and Elizabeth Mitchell. In 1854 she married Nathaniel H. Roff, who preceded her to the grave a number of years. Surviving her are the following children: Mr. S. N. Roff, cashier of the Bank of Mayslick, Dr. S. H. Roff, of Hartwell, O., Miss Ida Roff, of Walnut Hills, Cincinnati, and Mrs. A. M. Graves, of Norwood, O. Mrs. Roff was a sister of Mr. S. H. Mitchell, Mrs. Walther Matthews and Mrs. J. J. Yancey, of Mayslick.

The remains will be brought here on the 10 a. m. train Wednesday and taken direct to Mayslick for interment.

MR. LAWRENCE SCHLITZ.

Mr. Lawrence Schlitz, Sr., aged seventy-three years, died at his home in Aberdeen Monday morning. The funeral services will be held at his late home Wednesday morning and will be in charge of the I. O. O. F., Knights of Pythias and Geo. B. Bailey Post of that city. Many relatives of Mr. Schlitz reside in Maysville.

MRS. ELLEN CLARK.

Mrs. Ellen Clark, whose critical illness has been mentioned of late, died this morning at 1 o'clock at the home of her daughter Mrs. A. J. Williams, 321 Limestone street. She had been a sufferer for some time from Bright's disease, complicated with other troubles.

Mrs. Clark was seventy-seven years of age and had been a resident of Maysville a great part of her life. She was a native of Virginia or Maryland. Her husband, Richard Clark, who has been dead about forty years, was a well known carpenter and contractor of this city. She is survived by three daughters and two sons, —Mrs. A. J. Williams and Mrs. Lee B. Gray, of this city, Mrs. W. D. Buck, of Los Angeles, Mr. John Clark, of Cincinnati, and Mr. Richard Clark, of Chicago. The funeral arrangements have not been announced.

MRS. PHILIP KLIPP.

Mrs. Jennie Klipp, wife of Mr. Philip R. Klipp formerly of this city, died Monday morning at 7 o'clock at their home in Cincinnati, aged thirty-six years. The funeral takes place Wednesday at 2 p. m. at Wesley Chapel, that city.

MRS. WILLIAM FOLEY.

Mrs. Mollie Foley, wife of Mr. William Foley, died this morning at 6 o'clock at the family residence at Minerva, of pneumonia. She was taken ill last Wednesday. Mrs. Foley was a daughter of the late Thomas Horan and was about thirty-eight years of age. Her death is a peculiarly sorrowful one, from the fact that she leaves four small children who are so early in life bereft of a mother's loving care. The funeral arrangements will be announced to-morrow.

Exhibition of Horses.

Dr. W. H. Hord's fine horses, Neddie Connor and Nordeck, will be on exhibition in Mayslick, Thursday, April 17th, at 2 o'clock p. m. All who are interested in fine horse flesh are invited to see them.

GOSSIP.

A Column Devoted to Society and Other News.

(News Gathered By Jesse UP-TO-DATE for Merz Bros., Proprietors of the BEE HIVE.)

Mrs. Wm. Mann arrived from Chicago yesterday to spend several weeks with Mrs. Jno. Linart on the avenue. She remarked, after a visit to the Bee Hive, that Merz Bros. are ahead of Chicago on style.

The Society "400" will give a whist party on next Wednesday evening at the beautiful home of Mrs. Bausher. All are expected to wear "Royal Waists."

Mrs. Chas. Doolittle was seen driving on the Boulevard in her handsome turnout. She wore a dress of the latest creation, made of Foulard Silk from the Bee Hive.

It is reported around town that Merz Bros. will have more of the 25c. Oxford Madras at 15c., that so many were disappointed in not getting last week.

Miss Katie Sheenan is visiting Miss Dora Porter, of Flemingsburg. She reports a glorious time.

It's rumored there will be some startling news in Wednesday's paper.

Gossip says more girls get married that are clothed from the Bee Hive than any other store. There's lots of truth in that rumor.

At the euchre on Park avenue last night it is reported that every lady wore a Parisian drop stitch hose, sold at the Bee Hive for 25c., other stores 50c.

There is to be a wedding in town soon— who's it?

F. W. L. Kid Gloves will be all the go this spring.

The young fellow that's visiting Miss — on Third street had better hurry up. There's another fellow on to the route.

There is a new kind of ribbon out; you know where to find it of course.

You can't possibly keep up with the fashion without visiting the Bee Hive at least once a week.

Miss Mollie Brand left for Cincinnati on the 6:20 flyer to do shopping. She returned on the 1:30 express without buying. Better shopping at the Bee Hive, she reports.

The new fan—hand-made Palmetto—can be used for cooling or decorating. For sale at the up-to-date store.

They do say that those illuminated warp carpets at Merz Bros. are the swiftest ever brought to town.

Not many people on the streets these nights. It's said they are home reading "Crimson Wing," \$1.19 at the "Bee Hive."

The rumor that every lady in town uses only neckwear from Merz Bros is a mistake, as ONE lady was seen with one not from their store. It may have been a present from out of town.

Vegetation isn't making much progress this weather.

Born, Sunday, to Mr. and Mrs. Joseph Hoops, of the Fifth ward, a daughter.

Butter is very scarce in the county and is commanding 20c. to 25c. a pound.

The little son of Mr. Athelstan Owens is recovering from an attack of scarlet fever.

William Crawford, who was shot some days ago by Boone Beckett, lingers in a critical condition. He is holding his own remarkably well.

Maj. Nat. P. Phister of the Cincinnati recruiting station was stricken with the grip Monday, and had to return to his home in Ft. Thomas, says the Times-Star.

Several copies of the EVENING BULLETIN of the issue of February 1st, 1902, are wanted to complete our files. If you have a copy of that date please send or bring it to this office.

Hon. W. H. Cox, Grand Representative, and Grand High Priest J. Barbour Russell go to Nicholasville to-day to attend a session of the I. O. O. F. encampment. The Royal Purple degree will be conferred on twelve candidates.

IN SOCIAL CIRCLES.

The "As You Like It" Club Delightfully Entertained by Mrs. E. G. Kirk at Her Pleasant Home Near Tuckahoe.

The "As You Like It" club of Tuckahoe was entertained Saturday, April 12, by Mrs. E. G. Kirk. Other guests were invited, and at 12 o'clock dinner in courses was served, covers being laid for eighteen.

The dining room was darkened and with the beautifully decorated table in green and white, the club colors, the sweet-scented hyacinths and the soft lights from the candelabra presented a brilliant scene. The delightful menu was enjoyed by all, after which the guests repaired to the parlor where the following program was rendered by the club:

Address of Welcome by the President—Miss Jacova Bacon.

Piano Duet—Misses Bouldin.

Hawatha's Wooing—Miss Frances Bouldin.

Comparison of any two American Poets—Miss Cartwright.

Piano Selection—Miss Martha Bouldin.

Reading From Poe—Miss Hurst.

Vocal Solo—"The Arrow"—Miss Lyde Bacon.

Paper—James Russell Lowell—Mrs. E. G. Kirk.

The exercises were concluded by the club kneeling while Miss Lyde Bacon in a beautiful and impressive manner chanted "The Lord's Prayer." Then followed an impromptu musicale by Mrs. Russell White which was greatly enjoyed and added much to the pleasure of the happy occasion.

Mrs. Kirk was assisted in receiving by Mrs. Russell White, of Bernard, and Miss Lelah Martin, of this city. Among the guests was Mrs. J. E. Ethell, of Muncie, Ind.

A FRIEND'S ADVICE

Will Often Help You Greatly—Read What a
Maysville Citizen Says.

You may hesitate to listen to the advice of strangers, but the testimony of friends or residents of Maysville is worth your most careful attention. It is an easy matter to investigate such proof as this. Then the evidence must be conclusive. Read the following:

Mrs. Elmer Bridges, of 226 West Third street, says: "I learned of the great merit of Doan's Kidney Pills over a year ago while in Pittsburgh, Pa. The use of two boxes ended all symptoms of kidney trouble. I have told my friends of the remarkable value of this preparation and advised them to get it at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, and give it a trial."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

The special meeting of the Grand Lodge I. O. O. F. of Kentucky will be held at Lexington to-morrow.

GLEANED AT A GLANCE.

Made So Brief the Hasty Reader May
Read as He Runs.

The remains of Rev. Dr. DeWitt Talmage will be buried at Brooklyn, Captain G. W. Elder, 90, an Ohio river pilot for 40 years, died at Louisville.

Consul Campbell has left St. Petersburg for Washington, declaring he will resign.

Washington officials have taken steps to have the meat trust at Kansas City dissolved.

Louis Fairchild, 14, was arrested at Lincoln, Neb., for killing his companion, Lawrence Stultz.

Major L. W. Waller was acquitted by the courtmartial at Manila of killing the natives of Samar.

A gang plank at New York broke allowing many people to fall into North river, but all were saved.

Judge Henry enjoined the striking journeymen bakers from interfering with Warneke's bakery at Kansas City.

Confederate Veterans Reunion.

On above account the L. and N. R. R. will sell round trip tickets to Dallas, Texas, April 18th, 19th, 20th and 21st at rate of \$21.10. Return limit May 2nd. These tickets may be extended until May 15th by depositing them with ticket agent, Dallas, on or before April 30th and payment of 50 cents.

Louisville and Return, \$4.34.

On account of Louisville Musical Festival the L. and N. R. R. Co. will sell round trip tickets to Louisville for morning trains April 21st, 22nd and 23rd at \$4.34. Return limit April 24th.

Confederate Veteran's Reunion.

For the above occasion the C. and O. will sell round trip tickets, Maysville to Dallas, at rate of \$21.20. Tickets on sale April 18th, 19th and 20th. Return limit May 15th.

Two performances are given daily with the great Sells-Downs Shows—rain or shine. The big free street pageant leaves the show grounds at 10 o'clock sharp.

Free medical advice. Men and women suffering from chronic diseases are invited to consult Dr. Pierce, Buffalo, N. Y., by letter, absolutely without fee or charge. For more than thirty years as chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., Dr. Pierce has devoted himself to the treatment and cure of chronic forms of disease. Assisted by his staff of nearly a score of physicians, each man a specialist, his success has been phenomenal, ninety-eight persons in every hundred treated being absolutely and altogether cured. Women have especially availed themselves of Dr. Pierce's offer of free consultation by letter, thereby avoiding the unpleasant questionings, the obnoxious examinations, and odious local treatments considered necessary by some practitioners. Over half a million women have been treated by Dr. Pierce and his staff for diseases peculiar to women, with unvarying success. Write without fear, as without fee. Every letter is treated as strictly private and sacredly confidential, and all answers are sent in plain envelopes, bearing no printing upon them. Address Dr. R. V. Pierce, World's Dispensary Medical Association, Buffalo, N. Y.
